Are there any other things the officers should be aware of if responding to an alarm at your address? _____

Alarm System Rules

Registrations are required for all alarms installed in San Carlos. An annual fee of \$31.00 is currently waived. At the San Carlos City Council meeting of April 25, 2016, Resolution 2016-037 was adopted. At this meeting, Staff recommended and Council approved waiving the annual alarm permit fee, until further notice.

False alarms in excess of one (1) per fiscal year (July 1- June 30) will cause a service fee to be charged for the emergency response (8.16.170 M.C.). More than 12 false alarms from any system may result in no Police response to your alarm until written verification by the alarm company to establish that the problem causing the false alarms has been corrected (8.16.180 M.C.).
